TRIBUTE TO THE HUDSON RIVER

by Judy Kellersberger

Mighty Hudson River flows from valley to the sea.

Man has left his mark upon your shore.

Days will pass and time will write a story of its own—
the river flows, though man may be no more.

Hudson River cascades from the mountains to the land,
makes its stately way down to the sea.

Man must dream his dreams and plan his glories while he can.
The Hudson River flows on timelessly.

WELCOME TO THE GREAT HUDSON RIVER REVIVAL—

A co-project of Hudson River Sloop Clearwater, Inc. and Westchester County—Clearwater's annual celebration of the steady achievements we've made restoring a clean and healthy Hudson River. We also celebrate restored access to the River through Croton Point Park—one of the Hudson Valley's great places—with its stately trees and sweeping lawns down to the water.

In 1978 Clearwater and Westchester County joined together to take the celebration to a new level of public-private partnership and the Revival was born.

Please join us in celebrating the Great Hudson River and its rebirth this weekend and learn more about how you can join in to restore and sustain our cherished environment and ensure environmental quality for our children and grandchildren.

A MESSAGE FROM THE FESTIVAL DIRECTOR

Hello everyone! Welcome to another great weekend of celebration and environmental awareness on the banks of the Hudson River!

For over four decades, the Great Hudson River Revival, a remarkable grassroots gathering, has come together in song, environmental education, and activism connecting people to the river.

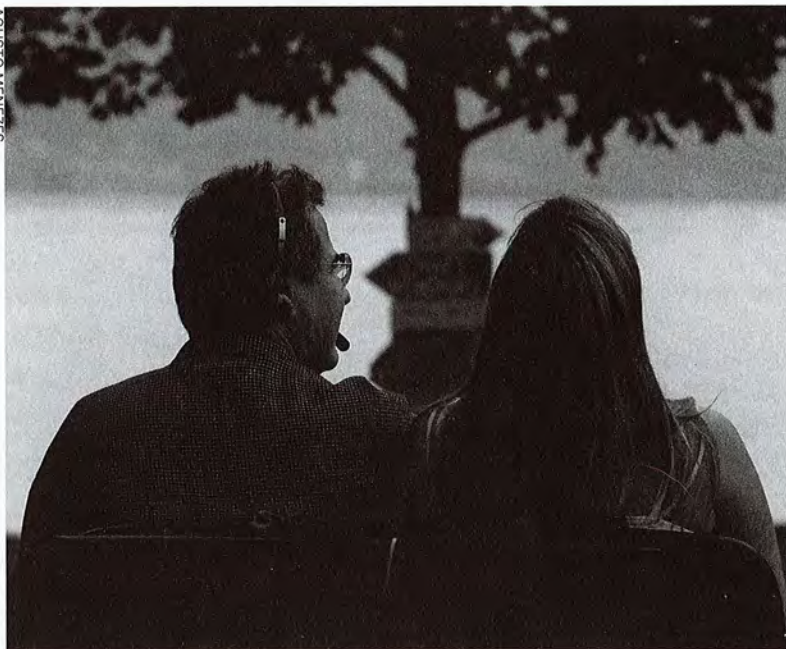

This unique festival creates a nurturing environment that empowers with the energy of example. It brings people together in the spirit of celebration, community, and activism in a context that educates, inspires, and motivates them to take action.

Clearwater's extraordinary music and environmental festival brings a continuing focus on the belief that each of us shares in the responsibility of the ever-increasing spiral of pollution has given it a special environmental emphasis—honoring the land through music, education, and action.

And thank you to the many who experience a deeper connection to the river through volunteering and membership—the two pillars which support the work of the Hudson River Sloop Clearwater, Inc. Thank you to the many who provide this vital support—time, talent, and energy—in our quest to protect and save the Hudson River Valley. Please join them and help protect and restore the Hudson River. And thank you for joining us this weekend in our celebration of the Hudson River.

RON AJA, FESTIVAL DIRECTOR

AGUSTO MENEZES

“In the end,
we will conserve
only what we love.

We will love
only what we understand.

And we will understand
only what we are taught.”

PROTECT AND RESTORE THE HUDSON RIVER

*"NEVER DOUBT THAT A SMALL GROUP OF THOUGHTFUL,
DEDICATED CITIZENS CAN CHANGE THE WORLD. INDEED, IT IS THE ONLY
THING THAT EVER HAS. —Margaret Mead*

For four decades, the Hudson River Sloop Clearwater, Inc. has been a majestic environmental icon representing the vital importance of a clean and healthy Hudson River. We have always relied on our dedicated members, from the original visionaries, to thousands who now join in our mission to preserve and protect the river. With the threat that closing the Indian Point Nuclear Power Facility is tantamount to preserving the very life of the Hudson River's ecosystem and that of our local communities, we need your help more than ever!

- Merchandise discounts
- A vote in the annual election of board members
- A chance to volunteer aboard the sloop *Clearwater*

We are working to ensure that Indian Point's licensing is not renewed and that PCBs are removed from the Hudson River, and to support the growth of renewable energy resources throughout our region.

In addition, the environmental awareness generated through our educational and advocacy programs includes:

- * Having the first on-board environmental classroom accessible to children of all ages, races, and backgrounds;
- * Saving a 4 mile stretch of Manhattan Hudson River shoreline from development; it is now a park.
- * Our anti-nuclear activism helped prevent New York from becoming a major home port for nuclear vessels.
- * Revival is the first major festival to be completely powered by renewables. (Since Revival 2001)

Member support has made all of these incredible achievements possible. We look forward to seeing the impact of environmental education and advocacy grow and disperse throughout our diverse communities.

To all of our members who have supported our environmental mission, **THANK YOU! LET'S CLOSE INDIAN POINT TOGETHER!**

highlights of clearwater's environmental action

INDIAN POINT: OPPOSE RELICENSING OF THIS AGING, LEAKING NUCLEAR POWER PLANT

Given Indian Point's abominable track record over the past year of numerous unplanned closures, a transformer explosion, siren failures, and increasing leaks of radioactive material into the groundwater under the plant and the Hudson River, Clearwater is joining with the Indian Point Safe Energy Coalition to call on the Nuclear Regulatory Commission to require that the following conditions be met prior to accepting Entergy's application to relicense Indian Point 2 and Indian Point 3 for another 20 years:

- A full independent safety assessment (ISA) as specified by Representative John Hall in legislation introduced into the 110th Congress, H.R. 994, stating that any problems that are discovered be reported and dealt with before the relicensing process proceed;
- Delineation and remediation of the several leaks that have been discovered at Indian Point 1 and 2 since August, 2005;
- Proof of emergency evacuation plans.

Come sign the **NO RELICENSING** petition at Clearwater's Environmental Action tent or at the Indian Point Safe Energy Coalition (IPSEC) booth in the Activist Area.

PROTECTION FOR BALD EAGLES!

For many years, bald eagles were absent from their historic habitat in the Hudson River valley due largely to the adverse effects of pesticides on bald eagle reproduction. The recent return of bald eagles to the Hudson River is symbolic of the progressing recovery of this unique and vital ecosystem. Unfortunately, bald eagles are increasingly becoming victims of collisions with trains operating on the Albany to New York City rail corridor, which borders the Hudson River. Most disturbing is the fact that bald eagle mortality from train collisions appears to be on the rise.

As many of you may remember, the 2005 Environmental Action petition insisted that NYS Department of Environmental Conservation (DEC) enforce the Endangered Species Act and start protecting the Hudson River bald eagles. Thanks to the more than 5,000 festival-goers who signed the petition (and the threat of legal action) the DEC and the US Fish & Wild-

life Service (USFWS) have begun working closely with the rail companies and Clearwater to develop and implement an action plan to advance protection of the bald eagles.

OUR WORK IS NOT DONE YET!

Clearwater will continue our work, tracking the progress of the bald eagle Habitat Conservation Plan (HCP). While the HCP and subsequent permitting process could take as long as four years, the railroads have already initiated a carcass-removal program and a reporting system. Stay tuned, and when the time comes for public involvement, please take a few moments to review the draft Habitat Conservation Plan and make your comments known to the DEC and USFWS (USFWS).

WATERSHED AWARENESS INITIATIVES IN THE RONDOUT, KINDERHOOK, AND FALL KILL CREEKS:

One of the best ways to protect the Hudson River is to protect the sub-basins and the tributaries that flow into it. Two DEC Hudson River Estuary Program grants were awarded to Hudson Basin River Watch and Clearwater to incubate two sub-basin watershed protection groups in the Rondout and Kinderhook Creek watersheds.

- The Rondout Creek Watershed Council formed in November 2006 to promote watershed awareness, protection and planning in the Rondout Creek Watershed with an emphasis on providing sound information that can be easily be utilized by municipalities. Activities include a watershed awareness training, stream monitoring workshops, and a proposed stream walk.
- Two inaugural meetings of the Kinderhook Watershed Alliance were held in March 2007 and were very successful, with over 65 interested participants from various sectors and geographic areas. The kick-off meetings were followed by a day-long stream-monitoring workshop.
- Clearwater also plans to work with the Fall Kill Creek Committee to implement conservation objectives identified in the Fall Kill Creek Watershed Management Plan, working with local communities to raise awareness and appreciation of the Fall Kill Creek.

A NEW HUDSON RIVER SCHOOL

The Hudson River School painters of the 19th century helped redefine America's perception of its landscape. These artists were responding to dramatic changes in the land as "manifest destiny" marched west. Clearwater was founded on the idea that old perceptions, like the one that said the Hudson River was beyond redemption, can change through hands-on learning and first-hand experience. Our *New Hudson River School* education program seeks to connect people to the Hudson, change attitudes, and develop a culture of environmental stewardship.

When you visit the **Discovery Tent**, you will experience Hudson River life firsthand. You'll see fish from both the fresh and saltwater parts of the estuary, as well as the macro-invertebrates that make up the base of the food chain. You'll see some of the invasive species that have pushed their way into the region. You'll pet a hogchoker, a tiny river sole that is Clearwater's unofficial mascot.

But the Discovery Tent is just a sampling of Clearwater's *New Hudson River School*. Clearwater education includes:

- Fantastic sailing trips for schools and groups on the sloop *Clearwater* and the schooner *Mystic Whaler*.
- Shore-based and in-school programs.
- Week-long volunteer experiences where people of all ages and backgrounds learn to sail and help teach about the Hudson.
- Courses and in-service programs for teachers.

Then there is our leadership program for girls, *Young Women at the Helm*.

Young Women at the Helm involves a multi-day trip for a group of 20 to 30 teenage girls on the sloop *Clearwater*. The girls themselves come from New York, Yonkers, Albany, Newburgh, and other urban centers in the Valley, where they get the chance to make friends and share experiences. This feature of the program, connecting girls from cities up and down the river, extends their community from the confines of the city to the riverside community as a whole. It creates a sense of place for them beyond their home neighborhood that includes an important ecosystem: the Hudson River.

Participating girls learn to sail and navigate a large, traditionally-rigged sailboat. They sample the water and study its chemistry, identify fish and plankton, and learn about the critical environmental problems that are facing their communities while exploring solutions to these problems. They sail during the day, camping at night at sites on shore. We invite mentors from the community, women serving as community leaders, to visit with the girls and speak about career options.

Young Women at the Helm is just one of the ways Clearwater is trying to redefine our relationship with the natural world. Learn more about all of our programs at the Discovery Tent.

PRODUCTS AND SERVICES FOR A SUSTAINABLE FUTURE

Do you wish you could live more sustainably, but aren't quite sure how to go about it? Clearwater's Green Living Expo offers an array of products and services that will help you make choices that integrate our respect for the environment into our daily lifestyle.

Green procurement is the purchasing of products and/or services that are distinguished by either minimizing negative environmental impacts or enhancing positive ones. How do you go about it? First, start by asking yourself: *Do I really need this product? Is there any way to reduce my consumption, share or reuse?* If you do need to purchase something new, look for products or services that utilize recycled content, nontoxic materials, and sustainable energy resources.

Learn how to:

- Enjoy a luscious garden without using chemical pesticides and fertilizers
- Insulate your house using recycled fire-retardant newspaper fibers
- Utilize the 50-degree temperature of the Earth to heat and cool your home and how photovoltaic solar cells can cause your electric meter to spin backward allowing you to sell as much energy to the grid as you buy by net-metering!
- Discover career opportunities in green businesses
- How you can approach a zero-net energy home
- How kids can help make a difference
- How you can vote with your dollars for a truly sustainable future ...and save money and resources while doing so.

It's the marketplace of the future at Revival today.

The Green Living Expo features exhibitors who will help guide your purchasing decisions to have minimal environmental impact and maximum value. Bringing consumers together with businesses that can make a difference to the Hudson Valley's quality of life.

Green shopping tips:

- Choose items with little to no packaging.
- Most paper products have some recycled content. Purchase those with at least a 30% post-consumer recycled content.
- Some disposable products that we use once and throw out have more durable equivalents. Bring reusable canvas bags to the grocery store or use cloth rags to clean your house instead of paper towels. Cloth diapers and reusable mugs are another great example of this.
- Purchase food that is certified organic. "Natural" does not mean organic.
- Buy local produce to support your local agricultural community and reduce the amount of transportation needed to bring the items from farm to shelf.
- Avoid chemicals or use organic versions of traditional lawn care products.
- Reduce the harmful effects of power-plant emissions by using compact fluorescent light bulbs and powering your home with solar or wind energy.
- Only buy Energy Star-rated appliances, which will pay for themselves in energy savings.
- When building or renovating, consult with a green building firm. There are a great many ways to green your home: cellulose insulation; nontoxic paint; sustainable wood flooring; cement fiber board or other alternatives to vinyl siding, which is toxic in its production and incineration.
- Ask any of the vendors at the Green Living Expo how they can help you to live more sustainably!

ECONOSMITH

We've created a medical center where people are treated like their lives depend on it. Because they do.

Westchester Medical Center.

Our legacy of leadership began in 1920, when our first doctors provided care simply because the people of our area needed it. Driven by that same dedication, today Westchester Medical Center has created a vibrant center of medical excellence for the entire Hudson Valley region — revered for its advanced care, respected for its highly specialized treatment, and relied upon for its biomedical research.

Everyone has a place here. From our Maria Fareri Children's Hospital, to our Level 1 Trauma Center, Heart Center, Transplant Center and beyond, the most critically injured and ill children and adults in the Hudson Valley have a trusted life-saving resource close to home.

about our sloop

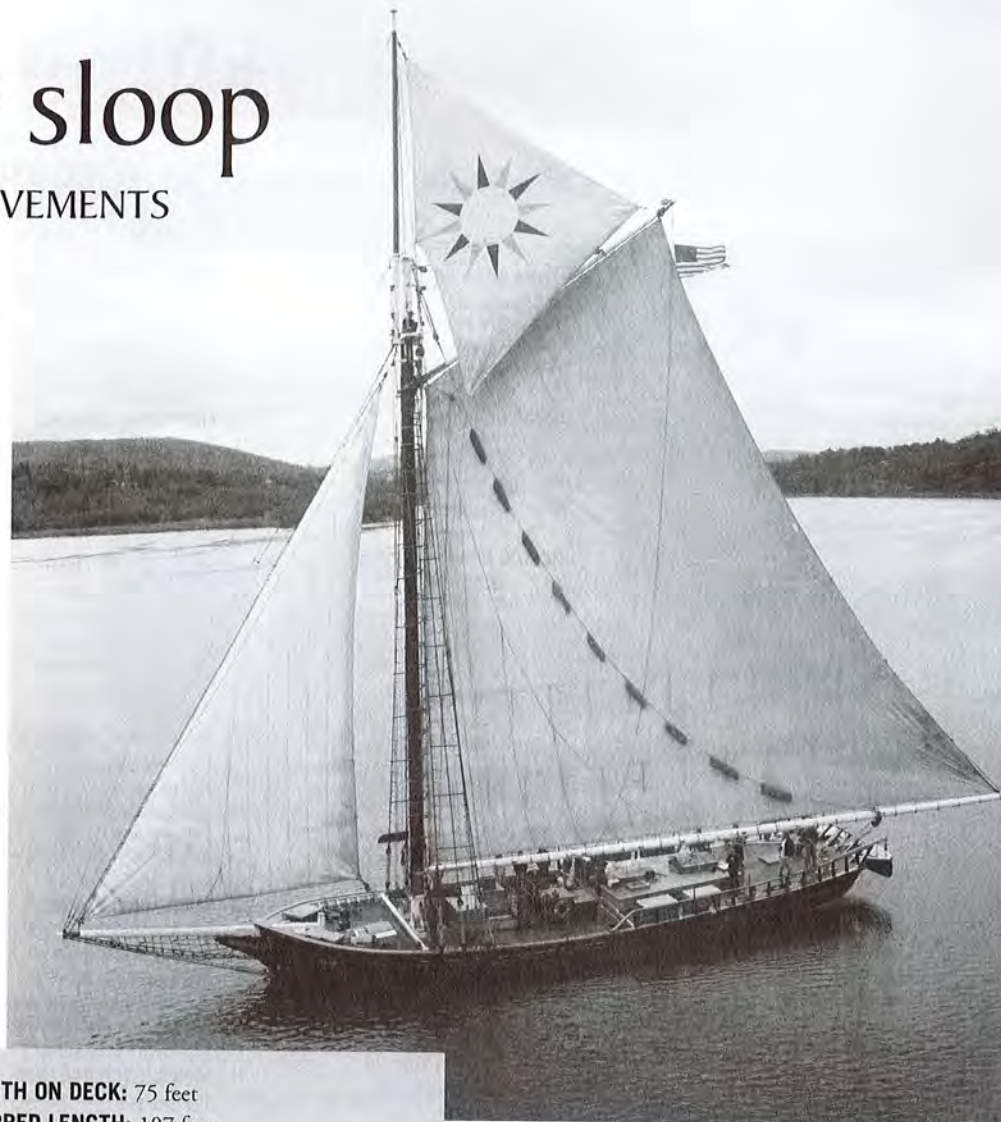

ITS HISTORY AND ACHIEVEMENTS

On a cold January night in 1966, Pete Seeger sat up 'til 3am typing out a wild idea; "Why don't we get a few hundred families together and build a life-size Hudson River Sloop?" He sent the letter to his friend Vic Schwartz, who had loaned him a little book called *Sloops of the Hudson*. In this recollection of days long past he had read of things he never knew had existed; glorious vessels with enormous sails that were once common on the river, carrying passengers and cargo between New York City and Albany.

In a world full of toil and conflict, this wild idea could have easily gotten lost. Somehow though, it took hold. The Hudson at that time had become little more than a waste canal. Industries and communities had been dumping anything and everything into the river since the days of the sloops. Few noticed the river, and fewer cared for the once beautiful Hudson. What was needed was a symbol and a rallying point; a reason to take notice and care. Her name would be *Clearwater*.

It was a bright sunny day on May 17, 1969 when *Clearwater* slid down the ways of Harvey Gamage's Shipyard in South Bristol, Maine. A vessel such as this hadn't been launched in over a century. It had taken a great deal of hard work and determination to get this far. Pete and a close knit group of musicians/environmental activists, including Don Maclean ("American Pie"), Gordon Bok ("Another Land Made of Water") and Louis Killen ("Death of Nelson") had raised funds for the initial construction through a series of benefit concerts. Even so, when Captain Allen Aunapu sailed down the Damariscotta River with a crew of musicians, Harvey Gamage was still owed the balance of the construction cost. *Clearwater's* trip to her new home would also be a fundraising concert tour. They would sail along for a bit, then pull in to a town and put on a show. Music has been a part of *Clearwater's* life from the very beginning.

While the symbolic value of the sloop was clear from the start, how was *Clearwater* going to make actual changes to the health of the river? The first and most important step was to stop the dumping into the river.

LENGTH ON DECK: 75 feet
SPARRED LENGTH: 107 feet
MAST HEIGHT: 108 feet
DRAFT: 6 feet with centerboard up, 12 feet with centerboard down
BEAM: 25 feet
SAIL AREA: 4,305 square feet
PASSENGERS: Coast Guard licensed: 70 persons.
Crew: 18, passengers: 52
CONSTRUCTION: Traditional plank-on-frame wooden full-scale replica of a classic mid 19th century Hudson River Gaffed, Riggged Sloop.

In 1970, *Clearwater* sailed to Washington, DC to campaign for the passage of the Clean Water Act. Signed into law two years later, this Act banned or regulated industrial waste discharges and required the building of sewage treatment plant, something we now take for granted. *Clearwater* has taken a leading role on environmental issues of the Hudson Valley ever since; including PCB contamination, Indian Point Nuclear Power Plant, and minimizing the impact of other power plants on the river.

The other way to effect change is to reconnect

people to the river, and as with so many life-changing experiences, it's best to "get 'em young". In the mid-70s *Clearwater* developed an experiential education program that introduces nearly 5000 schoolchildren a year to the unnoticed wilderness that runs through their lives. Giving a fourth-grader the opportunity to touch a fish and help to raise a massive sail is a sure way to build respect for the environment. *Clearwater's* education program has been copied around the country and around the world.

In 2001 a series of major capital improvements to the sloop was begun. Over thirty years of sailing and more than 45,000 schoolchildren had taken their toll. To date, *Clearwater's* deck has been completely replaced, along with the standing rigging, sails, and the auxiliary generator. The next phase of this "serial restoration", replacement of much of the hull framing and planking, is planned for the near future. We are investigating the installation of an active catalytic system to reduce the engine emissions, and are currently running 20% biodiesel, the highest percentage allowed by the Coast Guard and our engine's manufacturer.

ACCESS PROTOCOL AND SERVICES

Marked areas close to the fronts of stages are reserved for people with disabilities in wheelchairs and hard of hearing to better see sign language interpreters on stage. Braille, large-print programs, and wheelchairs for short-term use are available at the Access Hospitality Tent.

DRINK CLEARWATER

Cold, bottled water sold at Water Stations. Ice is for sale at the ice truck behind the Food Court.

INFORMATION

Message board, Lost & Found (objects and people), and information on area service (gas, ATMs, markets, restaurants, train schedules).

PEACEKEEPING/SECURITY

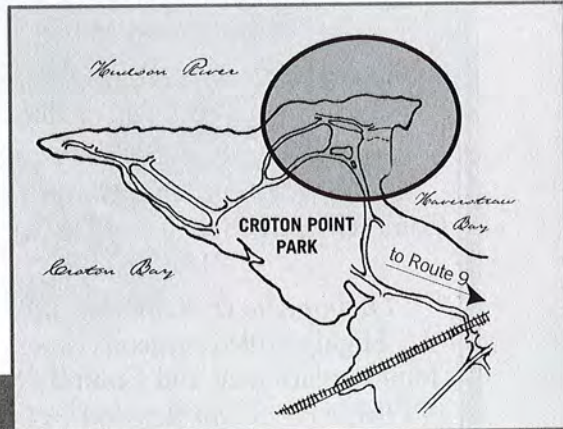

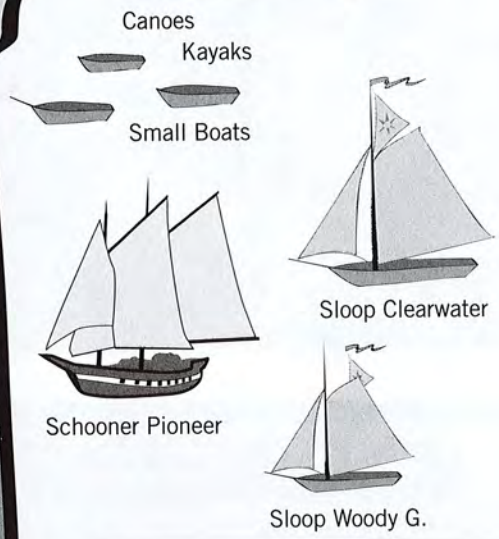

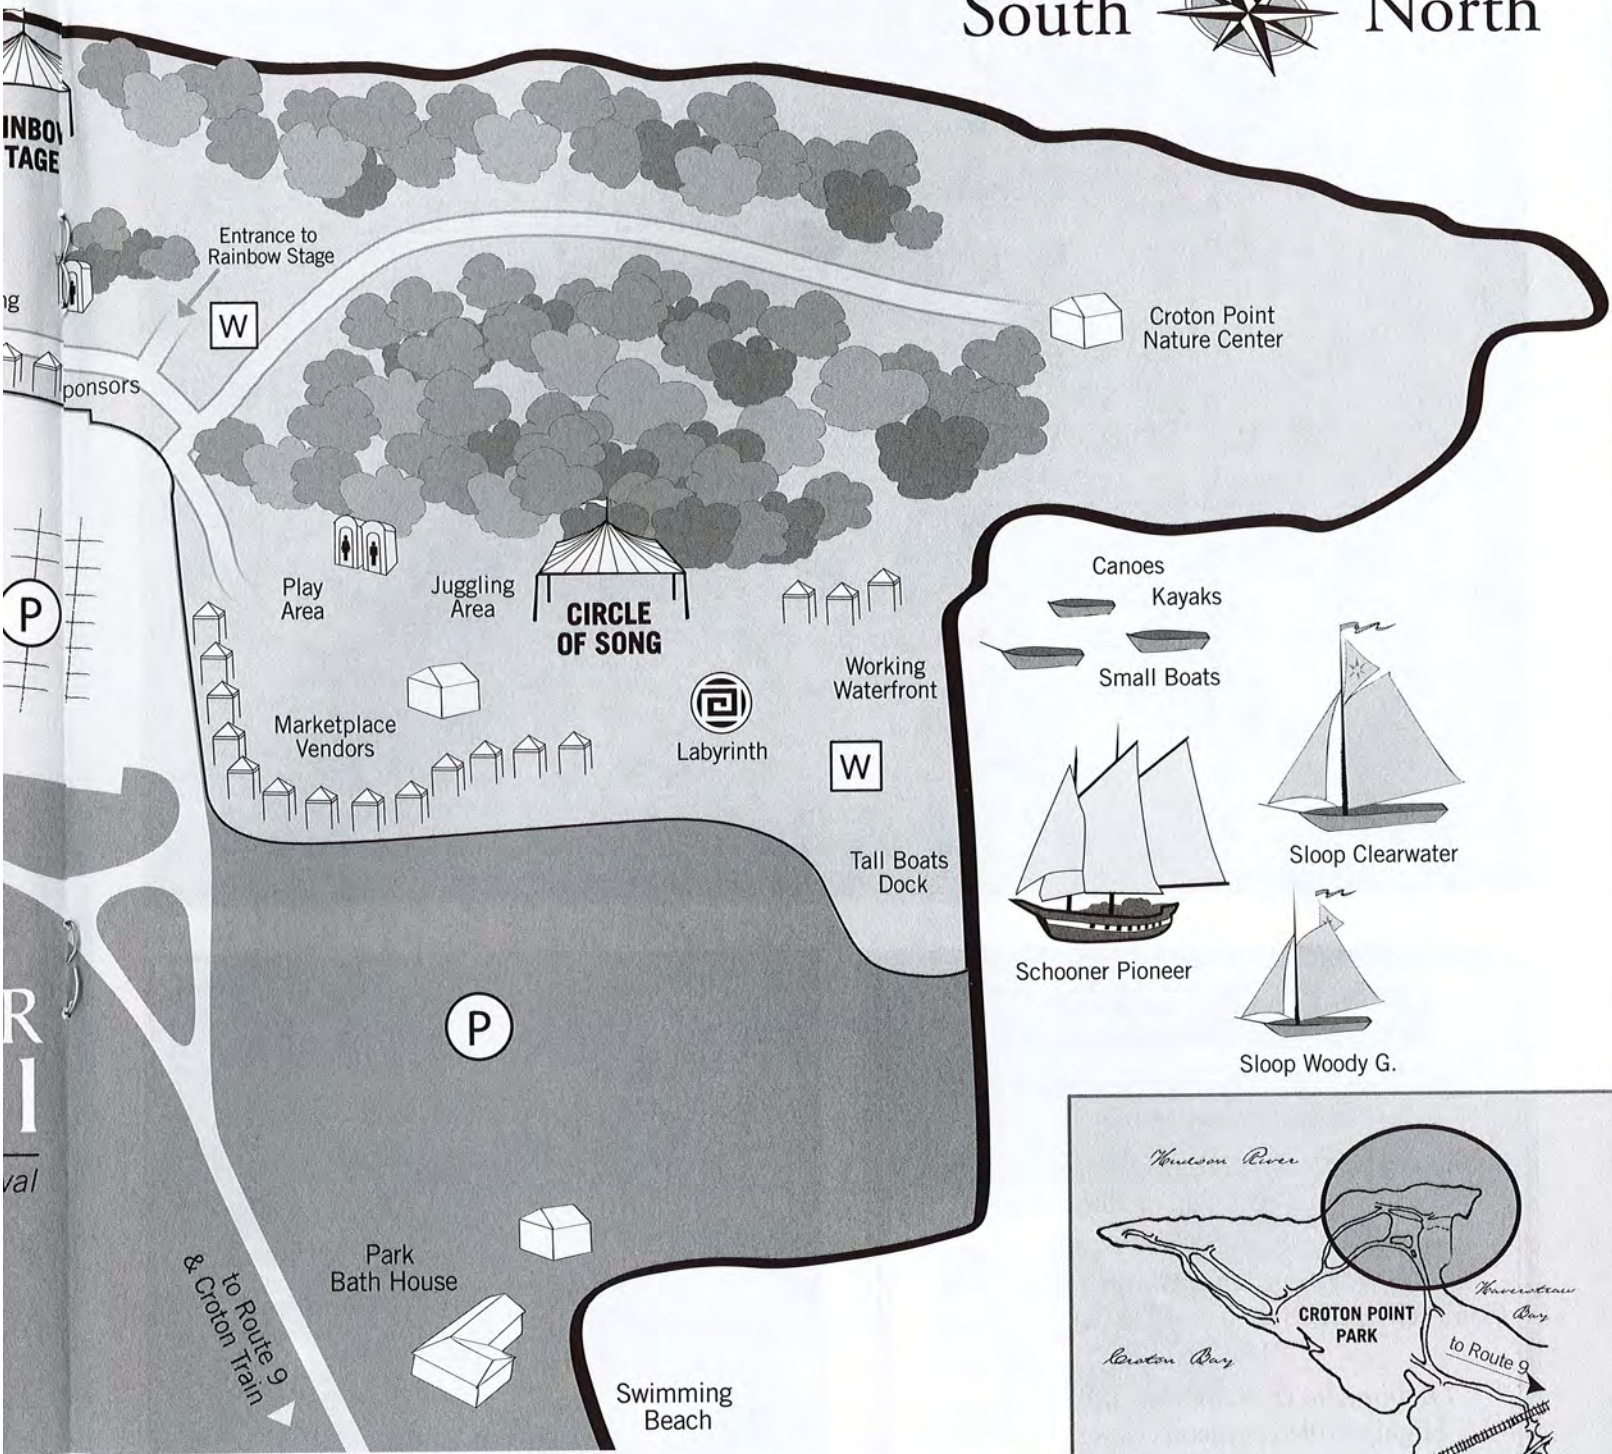

For directions and help look for a Volunteer Peacekeeper.

RECYCLE

Use colorfully painted containers placed throughout the festival for glass and plastic bottles and cans.

POISON IVY

Poison ivy is a-creepin' around the festival. Patches grow close to the ground and on trees and shrubs as hairy vines. Poison ivy is a thorny plant that's often shiny, sometimes dark green, sometimes light; however, always a trio of leaves at the end of each stem. If you come in contact with poison ivy, visit the First Aid tent if you feel itchy appears.

Historic Huguenot Street

Where An American Story Unfolds

New Paltz, New York

Tour stone houses built by French Huguenots 300 years ago. See our historic church and graveyard. Visit our Museum Shop. Enjoy activities for children and families. Steps from downtown New Paltz.

Locust Lawn

An American Homestead Farm

Tour the elegant home of a gentleman farmer's family as they left it in 1885. Steps away is the solid simplicity of a Dutch-style stone house, where another family created a home and a livelihood in what was then wilderness.

I AM COW, NOT MACHINE.

Cows are beautiful creatures, not dairy machines. That's why we let them graze freely in organic pastures on our family farms. We never give our cows antibiotics or synthetic hormones to make them produce more milk. And we never use synthetic pesticides or fertilizers. By shipping milk from our cooperative farms to the nearest local markets, we're helping to build local systems. So our milk not only tastes good, it's good for you, good for cows, and good for the local economy, too.

IES - Understanding the Natural World

The Institute of Ecosystem Studies is a not-for-profit research and education organization dedicated to understanding the natural world. Our community of over 120 scientists, educators, and support staff is exploring important ecological issues, such as how invasive species are transforming the Hudson River and the effects of pollutants on forest health and air quality.

Interested in learning more about ecology?

Participate in one of our education offerings! They include: weekend education programs, field programs for K-12 school groups, Summer Ecology Day Camp for 2nd to 7th graders, and research experiences for undergraduates. For resources on teaching Hudson River ecology to high school and community college students, visit the Changing Hudson Project: www.ecostudies.org/chp.html. Questions? Contact the Education Office at (845) 677-7600 x333.

You don't need a formal reason to visit IES; we welcome visitors to our Millbrook, N.Y. campus.

Located on nearly 2,000 acres, our hiking trails and display gardens are open for the season (Mon-Sat, 9am to 6pm; Sun, 11am to 6pm). Come see what's in bloom, take a hike along picturesque Wappinger Creek, or explore native plant diversity in the Fern Glen. Don't let rainy days keep you inside, the IES tropical greenhouse is open 7 days a week, from 9am to 3:30pm.

BRUCE ENGHOLM

BRUCE ENGHOLM

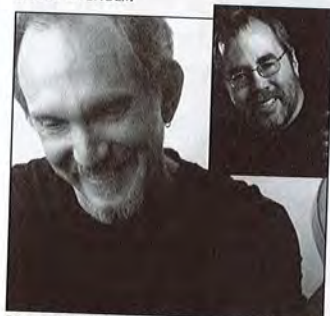

Bruce Engholm, Chief Juggernaut, is a 14-year veteran of the Free-Time Juggling area. Visit him and learn to toss, swirl, throw clubs at people safely, and perform other conversation stoppers. End klutzdom and become the first juggling maniac in your workplace.

DAN EINBENDER

Dan Einbender began working as a cook and educator on the Sloop back in the early Eighties, and he's been singing and teaching for Clearwater ever since. He is currently coordinating Clearwater's new Tideline Discovery Program in Beacon.

DAN EINBENDER

BRUCE MOLSKY / TONY TRISCHKA (INSET)

BRUCE MOLSKY WITH TONY TRISCHKA

Appalachian fiddler Bruce Molsky meets banjo stylist Tony Trischka. The best picker and an inspiration for a generation of bluegrass musicians combines with an explorer of a wide cultural range of traditional music, to create a sound uniquely their own!

DAVID GONZALEZ

Storyteller, musician, poet, and Doctor of Arts, David Gonzales received the Helen Hayes Performing Artist of the year award in 1998. He specializes in multimedia productions weaving existing music, paintings, and fairy tales into something totally new.

DAVID GONZALEZ

BUFFY SAINTE-MARIE

BUFFY SAINTE-MARIE

Musician, songwriter, activist, educator, and artist Buffy Sainte-Marie is well known for powerful and challenging songs, commitment to Native-American issues and their broader political context. From blacklist to international recognition she remains at the forefront of art activism.

DIRTY STAY OUT SKIFFLERS

Local jug band performers Dan Berger, Josh Gordon, Rick Nestler, and Donna Nestler play old-timey, blues, and folk music. Well-known locally as energetic and talented performers both individually and collectively, they will get everybody up and moving.

DIRTY STAY OUT SKIFFLERS

CAROL BIRCH

CAROL BIRCH

If you know that metaphors rock and respond to art without artifice, Carol Birch will delight you. Recipient of NSN's national award for master tellers, her stories help undo the damage of haste. Carol's repertoire celebrates the culturally specific in stories with universal appeal.

DOG ON FLEAS

Upstate New Yorkers Dog on Fleas plans to take over the world by playing honest, loose, and ingenious music for kids of all ages. Actually, their only agenda is to make good music for decent people. And for you too.

DOG ON FLEAS

COWBOY JUNKIES

Cowboy Junkies, a Canadian country and alternative rock band musically incorporates blues and folk. The quartet, three siblings and a friend, also influenced by jazz legends and music mavericks, has evolved with a style and sound uniquely its own.

DONNA NESTLER

Multi-instrumentalist Donna (guitar, flute, hammered dulcimer, bassoon, harmonica, concertina) currently loves the banjo. Be careful, her enthusiasm for the ukulele is contagious! The styles of music are varied, but will make you smile! And you may go home strumming!

FESTIVAL PERFORMERS

EARTHTONES

EARTHTONES

Good humor, a healthy dose of talent, and member commitment has made the all-male cappella group from U. Albany, the Earth Tones, a successful and entertaining addition to the college scene. They are well known around campus and across the country.

ENTRAIN

ENTRAIN

Back by popular demand! In their 13th year of making music this energetic band is still in the groove, exploring and elaborating on the power of different rhythms. Inspired by world rhythms, Entrain creates a positive and infectious vibe.

ERIC RUSSELL

ERIC RUSSELL

Eric Russell has been performing publicly since he became a Hudson River Sloop Singer in 1973. He plays concertina, writes his own material, and is a well known chanter singer. He is a columnist for *Messing About in Boats*.

ERIC KOLLENBERG

ERIC KOLLENBERG

Eric Kollenberg learned to juggle on a whim in 1996 and has been hooked ever since. He has performed with the Mid-Hudson Juggling Club at Renaissance faires, parades, festivals, and banquets. See his design for making juggling clubs from recycled newspaper at www.juggler.net/newspaperclubs/

EVY MAYER

EVY MAYER

"Ukelady" Evy sings and plays ukulele, guitar, dumbek, and a host of other percussion instruments. She loves to sing harmony and funny songs, and to folk dance. Join Evy in several different workshops at Circle of Song!

EZELL FLORANINA

Clown and stiltwalker Ezell has danced her way through festivals, led Earth Day parades, performed in children's circuses, and other festive occasions. Stella the Very Tall Fairy Godmother will surely grant your wishes. Or help you believe in dreams again!

EZELL FLORANINA

GREG GREENWAY

A rare combination of instrumental expert, a soulful and moving singer, powerful poet, and sparkling entertainer. Multifaceted Greenway is a difficult-to-categorize performer who has found a home in the modern acoustic genre. He is an effective political singer and balladeer.

GREG GREENWAY

HILARY ZAENCHIK

Accomplished chanter singer Hillary has been singing with the Chanter Singers of South Street for the last four years. She performed at the Beacon to Newburgh Swim, the Monmouth County Clearwater Festival, and at the Clearwater Festival in New York.

HILARY ZAENCHIK

HOPE MACHINE

Members Fred Gillen and Steve Kirkman are keepers of the flame, messengers; foot-stompin', guitar-bangin', drum-beatin', song-lead-in', harp-blowin', hand-clappin', human-hoping machines. Sing along, dance, yell, yodel, jump up and down, and continue their message of hope!

HOPE MACHINE

JAN CHRISTENSEN

As a sometime sailor, singer, and songwriter, Jan's music reflects his love for the Hudson and the sea. A long-time member of The Hudson River Sloop Singers, he now sings with The New York Packet at South Street Seaport.

FESTIVAL PERFORMERS

JENNY BOAS

JENNY BOAS

As a juggler and unicyclist-troubadur Jenny Boas knows how to keep her balls in the air and her feet off the ground! Learn new life skills with Jenny. Join her as she juggles her way around the festival grounds.

JOHN JORGENSON QUINTET

JOHN JORGENSON QUINTET

Versatile performer John Jorgenson, with a background of country, bluegrass, and pop, is one of the pioneers of the American gypsy jazz movement. And the best interpreter of Django Reinhardt! Join the quintet at the Rainbow Stage jazz club.

JOINT CHIEFS

JOINT CHIEFS

Armed with "tight harmonies and a loose attitude," the Joint Chiefs ricochet across a repertoire that mixes their own writing with "chestnuts" from the Americana landscape. As you swing, skank, and chasse, the Chiefs enlist your feet, hands and voices in service of the song. No holds barred!

KAT MILLS

KAT MILLS

Long time Clearwater volunteer Kat Mills has a rich, powerful voice and a style that wows audiences. Her acoustic style has been described as radiant and soulful. Kat has a large and loyal following on both sides of the stage!

KAY OLAN (IONATAIEWAS)

KAY OLAN (IONATAIEWAS)

Wolf Clan Mohawk educator and storyteller Kay Olan taught elementary school in New York State for over 33 years, after which she worked as director of the Mohawk Community of Kanatsiohareke for almost three years.

KEITH WANN

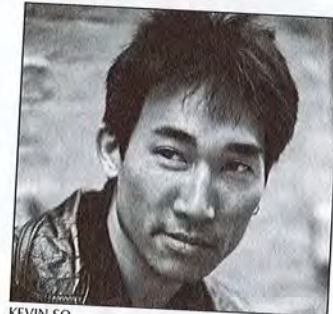

An acclaimed ASL performing artist who has been captivating and entertaining deaf and hearing audiences for years. As a hearing child of deaf parents, Keith has a unique perspective on the ways of both worlds and uses both languages creatively!

KEITH WANN

KEVIN SO

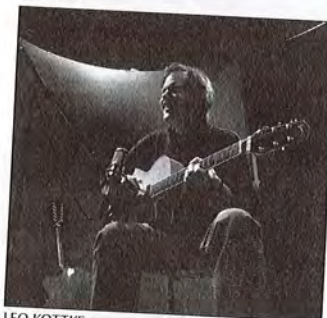

Living in New York City, Chinese-American Kevin So, backed by Midnight Snack, is a topflight storyteller and singer/songwriter. Influenced by blues, pop, folk, and hip hop, and with a degree in jazz, he has a style totally his own.

KEVIN SO

LEO KOTTKE

A deep-talking Midwestern raconteur, quick witted and original, Leo's musical vision puts him among the foremost acoustic guitar stylists of our time. He embraces folk idioms and pop melodies as readily as he assimilates jazz and classical influences.

LEO KOTTKE

LINDA RICHARDS

Linda Richards, former Clearwater education director, public school teacher, professional singer, and entertainer, joins Circle of Song 2007 with a Seventies-singalong: a tribute to the voices who represented the fusion of folk and pop in this often misunderstood and underappreciated era.

LINDA RICHARDS

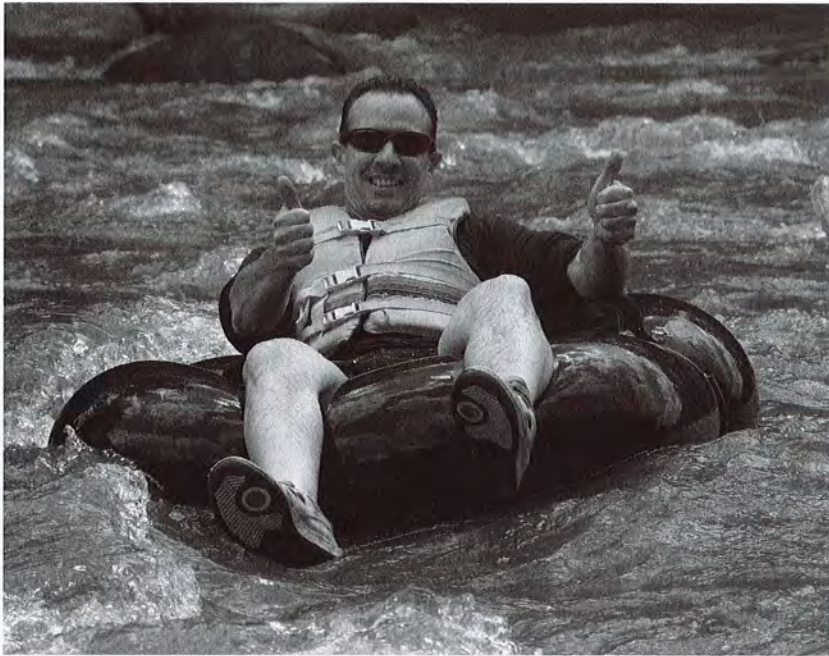

MATT TURK

Consummate musical artist, singer-songwriter, and multi-instrumentalist Matt Turk, a Hudson Valley resident, plays "literate tunes with heart and muscle." As a veteran performer and idealist he is equally at home as a hard-rock band leader and as a folk troubadour.

MEL AND VINNIE

MEL AND VINNIE

Maryellen Healy and Vinnie Cerniglia are funny, smart, pains in the ass, vague, cryptic, efficient, gifted, artistic, and dumb. They bring hands, hearts, and folk blues wherever they're needed. Visit Circle of Song. Bring your voice, lend a hand.

MOTOKO

MOTOKO

Motoko enchants audiences with her weaving of ancient lore, original tales, lyrical movement, and traditional music. She includes Asian and Zen folktales, comical tales from raguko, funny mime vignettes, and stories from her childhood in Japan and life as an immigrant.

MYSTIC REBEL

MYSTIC REBEL

Celebrating Bob Marley, Peter Tosh, and the Wailers, Mystic Rebel is a soul shakedown family. This bold and dynamic Philadelphia-based band, a group of 9 singers and musicians, plays classic Reggae from the heart.

PAUL RICHMOND

PAUL RICHMOND

Juggler Paul Richmond requires audience participation in his show on the family stage! He uses storytelling and comedy to work with all ages. Paul debuts at Story Grove this year telling stories from his new book.

PAUL WINTER CONSORT WITH RENATO BRAS

Award-winning saxophonist, band leader, and composer Paul Winter's vision of a musical-ecological community is realized in his unique "Earth Music." He is accompanied by the Consort and Renato Bras, one of the one of the most beautiful and compelling male voices in Brazil.

PAUL WINTER CONSORT / RENATO BRAS

PEACE IS POSSIBLE CHORUS

Founded and directed by peace educator and vocalist Victoria Christgau in 1990, and co-directed by musician, songwriter, Fre Atlas, Peace is Possible is an intergenerational chorus, singing original and traditional peace and freedom songs from around the world.

PEACE IS POSSIBLE CHORUS

PETE SEEGER

Folk legend, master storyteller, and Clearwater Founder. Join Pete and his friends on a musical journey—the Woody Guthrie tribute, art of the song, and an environmental workshop. Expect the unexpected!

PETE SEEGER

PETER SCHUERHOLTZ

The Jovial Juggler is an artist who creates through drawing, painting, carving, photography, and juggling. Peter can also be found juggling his time while painting signs for the festival. He says, "Keep juggling and fair winds to all!"

PETER SCHUERHOLTZ

RAGING GRANNIES

Join the Raging Grannies and their daughters, fresh from their recent court victory in NYC, as they sing songs of peace and justice laced with humor and satire and updated to capture the opportunities constantly provided by politicians and warmongers.

RAGING GRANNIES

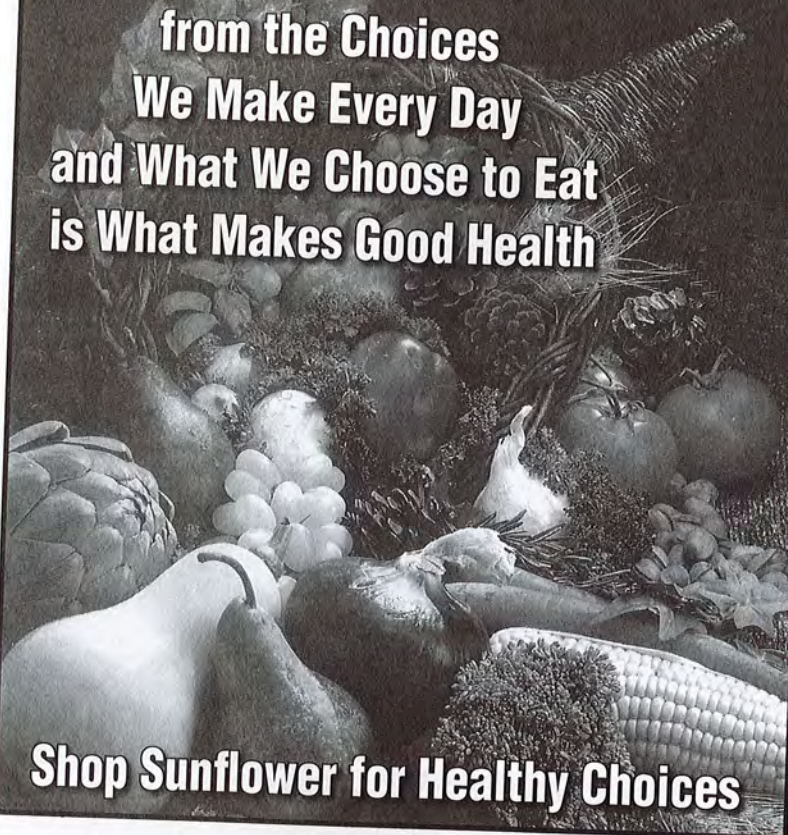

RED MOLLY

Late one night at their campsite at the 2004 Falcon Ridge Folk Festival, Laurie, Abbie, and Carolann began sharing their favorite songs. Before the sun rose on Hillsdale, NY, Red Molly was born. Check out this fun, energetic trio that was recently named New Artist of the Year by WUMB-FM Boston.

RICK ADAM

RICK ADAM

One-man vaudeville entertainment! Rick Adam presents a continuous collage of energizing entertainment, including hand shadows, musical saw, juggling, magic, hat tricks, laugh riot comedy skits, marvelous object manipulation, and the most intricate and entertaining one-man band you'll ever see!

SERENDIPITY

Meet Serendipity, SUNY Albany's premier female a cappella group, with a repertoire ranging from oldies to R&B. Join the Festival Troubadistas as they sing at the Rainbow Gate and other locations.

SERENDIPITY

SHARON KATZ AND PEACE TRAIN

Jump on board this South African joyride as the Grammy-nominated band that helped end apartheid treats you to the rhythms and harmonies of their Afro-Jazz-Folk-Rock-Funk fusion. Change is possible. Passports optional but bring your dancing shoes.

SHARON KATZ AND PEACE TRAIN

SOL WEBER

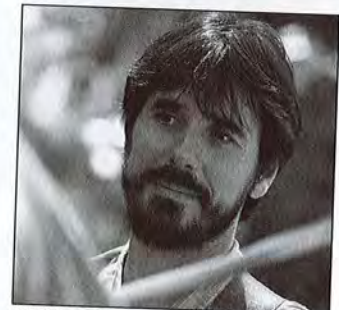

So many rounds, so little time. Join Roundman Sol and his friends in rounds that are funny, beautiful, clever, silly and sing-a-long! In "Funny Songs" meet up with Sol Weber and Evy Mayer for a good time and make whoopee!!

SOL WEBER

SPOOK HANDY

Singer-songwriter Spook's songs range from the spiritual to social responsibility, sometimes blatant, sometimes covert, and full of characters who have walked through his life. He sings of hope, peace, and survival and writes music that says something important.

SPOOK HANDY

STEVE CHARNEY & HARRY

Steve Charney, nationally known ventriloquist, magician, author, musician, songwriter, and recording artist, is an all-around nut. Harry, Steve's dummy, has been annoying for over 20 years and yet he's only 8, but his ability to make people laugh keeps him around!

STEVE CHARNEY & HARRY

RICK NESTLER

"Whisky tenor" Rick, a longtime Clearwater staff member, Sloop Singer, actor, on-board educator, chantey singer, skiffle player, Coast Guard, songwriter, and COS coordinator, is master of many trades. His best-known Hudson River song is "The River That Flows Both Ways."

RICK NESTLER

RIVER CITY SLIM AND THE ZYDECO HOGS

River City Slim and The Zydeco Hogs serve up a hefty slab of Zydeco, cooking up a spicy musical gumbo combining the traditional sounds of the button accordion and washboard with a driving, pulsating, syncopated beat. It's a Louisiana party!!

RIVER CITY SLIM AND THE ZYDECO HOGS

ROGER THE JESTER

A self-proclaimed fool, Roger the Jester has an innate ability to improvise creating true "live theater." His skills as an object manipulator, silent comedian, magician, and musician create a zany ride. He jests that he is now rated "XXX" after 3 decades of fooling.

ROGER THE JESTER

SARAH UNDERHILL

Former second mate/engineer on sloop *Clearwater*, Sarah Underhill is a Hudson Valley singer, songwriter, and song collector who learned to sing on her mother's knee and has been amassing a folk repertoire ever since. She has captivated many an audience. Join her and Rise Up Singing.

FESTIVAL PERFORMERS

STORY CRAFTERS

STORY CRAFTERS

Barry Marshall and Jeri Burns have been crafting stories together for 13 years. They strive to honor world cultures by telling old stories in respectful ways, often integrating the musical instruments, songs, or dances indigenous to the region portrayed.

STORY LAURIE AND IRA MCINTOSH

STORY LAURIE AND IRA MCINTOSH

This dynamic duo combines traditional tunes with fantastic fables, magical myths, silly songs, playful poems, and whatever else their whacky imaginations can create! Together, they are an electrifying pair who'll keep your toes tappin' and your smiles smilin'.

TEATRO IMPERFECTO

TEATRO IMPERFECTO

Teatro Imperfecto, under the artistic direction of Terese Giammarco, combines the talents of skilled storytellers and musicians. Their integrated musical-theater style works to help plant the seeds of human refinement in all who encounter their tales of truth and wonder.

ROBERT BURKE WARREN, AKA UNCLE ROCK

UNCLE ROCK/ ROBERT BURKE WARREN

Former globe-trotting bass player, stage actor and Americana songwriter, this erstwhile stay-at-home dad stumbled onto his most satisfying creative endeavor yet as a teacher's assistant. Pre-schoolers wanted music about ghosts, wild animals, villains, misadventure, and mystery. Uncle Rock was born!

VALERIE TUTSON

VALERIE TUTSON

Valerie's stories are from around the world with an emphasis on African traditions. Her repertoire includes stories and songs she learned in South Africa, experiences from West Africa, and African-American history. She includes exciting retellings of age-old Bible stories.

THE VANAVER CARAVAN

Equally at home in a symphony hall, an outdoor festival, the classroom, a school assembly, or at a conference, TVC has captivated audiences worldwide with celebrations of American and International dance and music woven together with effortless skill and precision.

THE VANAVER CARAVAN

WAFFLECLOWN

Waffleclown is Joshua Jay Waffleman, born in Brooklyn. He has performed at the Clearwater Festival many times and is a favorite with children and political activists. His humor and clown skits reflect themes that resonate with Clearwater audiences.

WAFFLECLOWN

WALKABOUT CHORUS

Walkabout Chorus, an all-volunteer chorus, sings songs of the Hudson River, environmental, social, and political issues. They are skilled at dissolving the boundaries between audience and performer to get everyone involved. This is your chance to sing with the choir!

WALKABOUT CHORUS

YOUNGER SISTER BAND

Through a mix of American traditions, story telling, NYC consciousness, life in the 21st century, and invention, the Younger Sister Band lays down original songs that bring people together in appreciation of good times, wild abandon, and the simple life.

YOUNGER SISTER BAND

For more than 25 years, the Festival has been welcoming deaf and hard-of-hearing audiences by providing sign language interpreters so they too may share in the songs and stories that speak to all our struggles, triumphs, and hopes.

to all of our festival volunteers

Look around and you'll see nearly 900 volunteers working for the festival on the many committees that collaborate to make it a success. Over 50 coordinators help to plan and organize the festival. Some have been attending planning meetings all year. The site crew has been on site for two weeks, building the features of the festival; some will be here working for days afterward. *Every Revival volunteer is a Clearwater member, and we are so grateful for this deepened support!* In the Sloop Club area, you'll find people who are among Clearwater's most committed volunteers. These local groups do outreach, fundraising, and other work in support of Clearwater's mission. Contact us now about volunteering next year (845) 454-7673.

SAIL ABOARD THE SLOOP FOR A WEEK

DOES SPENDING DAYS AND NIGHTS ABOARD A REPLICA OF A MID-19TH CENTURY HUDSON RIVER SLOOP, SAILING ON THE RIVER VISITING SOME OF THE HUDSON'S MOST BEAUTIFUL AREAS SEEM LIKE A GREAT WAY TO SPEND A WEEK? THEN COME CREW ON THE SLOOP *CLEARWATER*!

Come educate students of all ages about the Hudson River and at the same time be surrounded by beautiful Hudson River scenery. As a volunteer aboard the Hudson River sloop *Clearwater* or her sister ship, the *Mystic Whaler*, you will live aboard the sailing vessel for a week and become part of her hard-working crew. Upon arrival, you will be trained with four or five other volunteers in the teaching stations we offer to groups that come aboard for our program. These stations could include programs dedicated to Hudson River history, fish, plankton,

sailing, and water chemistry. As a volunteer, you will be expected to teach at least one of the 10-to-15-minute stations to students ranging from fourth grade to college age, perform very basic sailing duties, participate in boat chores, and be a role model for all of our visitors. **NO EXPERIENCE IN SAILING IS NECESSARY.** You will be helping out a great cause by inspiring people about the river, and it will prove to be a truly rewarding experience. Call (845) 454-7673 or see www.clearwater.org.
